Spacious 5 bedroom contemporary villa with panoramic views

Elegant 5 bedroom contemporary villa by the sea. The top three levels have panoramic impressive views, the architect uses light and transparency to create an atmosphere of open skies. The fusion of wood materials, marble and glass create a special atmosphere. This property offers luxurious facilities and meets the highest expectations (elevator, terrace on each floor, jacuzzi, office and meeting room, gym, sauna ..). The main floor has underfloor heating throughout the villa is heating radiator and air conditioning / heating. The pool has heating, water jets to swim against the current, is ready to be separated into two parts with separate equipment. It has a large garage, with many possibilities.
