ABOUT BENAHAIVIS

To many Andalucíans, native and expatriate alike, Benahavis is synonymous with food. It has the highest concentration of high class restaurants in the region and draws visitors by the thousand who come simply to savour the cuisine. In spite of this, it has remained remarkably unspoiled, with winding narrow streets ill-suited to the motor car, and a picturesqueness which almost makes it seem like a specially-created film set. As its name implies, this Arab stronghold squats on top of the highest mountain in the locality, and anyone wishing to make the climb to visit the ruins and experience the truly sensational views of the coastline should be prepared for a strenuous but rewarding effort.
