ABOUT MIJAS

One of the jewels of the Costa del Sol is the beautiful little village of Mijas, which nestles comfortably in the mountainside at 400 meters above sea level about 10km from the coast.

When you wander through the narrow cobbled streets of this Andalucian village, you can understand what has attracted foreigners over the years. Many artists and writers have made it their home, enjoying the benefits of an excellent all year round climate, without being part of the busier, more commercial coastal towns just 7 kilometres down the mountain side. Despite its huge popularity with tourists, Mijas Pueblo has somehow managed to retain much of its traditional Andalusian way of life, the locals displaying their unabashed passion for all things festive and an unmistakable relaxed outlook.
