The promoter specializing in the development, investment and management of real estate assets has launched its new development in the Malaga town of Mijas, a complex that has 93 homes with between 2 and 4 bedrooms with large terraces, most of them with sea views and common areas such as social-gourmet room, spa, gym, pools, garden areas and spaces for barbecues.

Located very close to the beach of Cala de Mijas, it has all the services nearby, beach bars, supermarket, banks, golf courses or restaurants and is strategically located a few minutes from the airport and golf courses, and less than 20 minutes from Marbella and Puerto Banus.

Likewise, the houses have an A Energy rating, which means a reduction in CO2 emissions and a significant reduction in the energy demand of the building. This qualification translates into an energy saving of 89%, and an annual economic saving of about €780, always taking as reference an F energy rating house.

One of the main features is the spaciousness of the common areas, among which are the large gardens in which to enjoy the swimming pools and leisure areas.

In addition, it has a social-gourmet room, a space that has a kitchen, tables and seating area so that owners can meet friends without using their homes. And in its commitment to a healthy lifestyle, the building has a gym to practice sports without having to go outside and a spa circuit.

ABOUT LA CALA DE MIJAS

La Cala de Mijas is the central point of Mijas Costa and although it has grown and been built up, especially over the last decade or so, it still maintains something of its Andalusian seaside village atmosphere. From being a tiny fishing village originally, its population has increased to 10,000 - many of whom are British. There are schools, a health centre, public library, post office, shops and cultural centre, as well as many excellent bars and restaurants.

There is a very popular street market ('el barratillo') every Wednesday and Saturday from around 09:00 - 14:30. The market stalls offer everything from fresh fruit and vegetables to local crafts, clothes, ceramics and pottery, flowers and plants, and lots more.

La Cala celebrates its own festivals, such as the annual fair which begins on 25 July, when the village is all decked out for a week of festivities, and you can sample traditional wines and tapas, listen to local music, and enjoy the dancing.

WHAT OUR CLIENTS SAY ABOUT US:

Would highly recommend Space Marbella if you are looking to buy in Spain. They helped us through the whole process from start to finish just over 5 years ago now and everything ran smoothly. More recently Lorraine has been brilliant!!! Obviously with the pandemic ongoing we haven't been able to get over the Spain for over a year now. She went over to our place and checked up on it for us. She spoke with our neighbours and checked that everything was okay. She also sent our Spanish post over to us here in the UK. She has gone above and beyond and we couldn't thank her enough for her time and effort in reassuring us that everything over there is okay!!!! Once again, thank you!!! X
